The UNCITRAL Legislative Guide on Insolvency Law (2004), which is divided into four parts, assists with the establishment of an efficient and effective legal framework and may be used as a reference by national authorities and legislative bodies when developing laws to deal with insolvency proceedings. It is intended to inform and assist insolvency law reformers around the world, providing a reference for reform work. 

The Guide is useful for developing legislation that will have a practical impact on insolvency proceedings, and it can be used to assess the effectiveness of existing insolvency systems. It is also intended to assist in the development of insolvency legislation that is consistent with international standards and best practices. 

The Guide is divided into four parts: 

1. **Legal Framework for Insolvency Proceedings** 
   - Provides an overview of the legal framework that is necessary for insolvency proceedings to be effective. 
   - Discusses the role of the court in insolvency proceedings and the process of liquidation. 
   - Examines the rights and obligations of creditors, debtors, and the liquidator. 
   - Discusses the role of the insolvency administrator. 

2. **Recovery of Assets** 
   - Discusses the recovery of assets from the insolvent debtor. 
   - Examines the role of the liquidator in identifying and recovering assets. 
   - Discusses the role of the insolvency administrator in identifying and recovering assets. 

3. **Protection of Creditor Interests** 
   - Examines the protection of creditor interests in insolvency proceedings. 
   - Discusses the role of the liquidator in protecting creditor interests. 
   - Examines the role of the insolvency administrator in protecting creditor interests. 

4. **Enforcement of Court Judgments** 
   - Discusses the enforcement of court judgments in insolvency proceedings. 
   - Examines the role of the liquidator in enforcing court orders. 
   - Discusses the role of the insolvency administrator in enforcing court orders. 

The Guide is intended to be used by policymakers and policymakers to develop legislation that is consistent with international standards and best practices. It is also intended to assist in the development of insolvency legislation that is consistent with the needs of the local economy and the local business community. 

The Guide is also intended to assist in the development of insolvency legislation that is consistent with the needs of the local economy and the local business community. It is also intended to assist in the development of insolvency legislation that is consistent with the needs of the local economy and the local business community.
